

## Examples of Consensus Workshop Questions

These are some questions that have been used in courses in the past few years:

What personal action can you take to foster greater inclusion in your community?

What are some ways we can green our communities?

What can we do as a community to raise environmentally conscious children?

How can we improve the recruitment and retention of entry-level employees?

What are some key characteristics of facilitative leadership?

What are the criteria that can measure a program's effectiveness and impact?

In what creative ways can we continue to develop and improve our facilitative skills?

What are some practical ways to create a culture of participation?

What are some practical ways we can integrate these methods into our daily work?

What are some practical ways to build and create a culture of participation?
