

What can you DO with the Consensus Workshop Method?*

Function	Applications
Generate ideas	Plan a project... develop options....reveal common thinking
Create criteria	Physical design criteria... core values for decision making
Envision a Place	Describe features, characteristics, activities
Develop new Patterns	Create new gestalts... gain new insights... shift perspectives
Discern Obstacles	Unblock a stalled project... use to create targeted strategies
Share insights, Mental models	Birth a new project, concept, insight
Integrate ideas	Pull together multi-disciplinary thinking... planning and design sessions
Discern Values	Reveal and objectify what matters most... use as a tool for decision-making

** The Consensus Workshop Method is one of the foundational methods of the Technology of Participation. ToP® is a registered trademark of the Institute of Cultural Affairs.
